Ron W. Daniels
Coordinator, Mined Land Development
Division of Oil, Gas and Mining
State of Utah
1588 West North Temple
Salt Lake City, Utah 84116

Dear Mr. Daniels;

Enclosed find forms and maps concerning the operation at the MiVida mine. There are some unknowns as yet, but I felt we should get some paper work in.

There are many structures such as old buildings, head frames, power poles, ect. that are on or near the property that we have not nor will we use in the future. Also, ther are some portalswe will not use that are on or near the property.

We will be happy to discus with you our reclamation plan.

Sincerely,

Stephen M. Nielson
Vice President
Minerals West INC.
